Thirty two-year-olds and strong yearling bulls, all ready for heavy service, including a half-brother to the reserve grand champion bull, the reserve grand champion female, and the reserve grand champion steer over all breeds at the 1959 Western Stock Show in Denver.

The sixteen registered females are an excellent lot of well-bred, young heifers that include several top show prospects.

Twenty-two commercial females, the entire herd owned by Don and Alice Milliken, Hudson, Colo., including six 1958 heifer calves sired by Colomeadow Choice that placed 2nd in class in Denver in 1956 and 1957, and was the 2nd highest selling bull in the 1957 Denver sale. All of the females have been remated to this bull.

Everything sells T.B. and Bangs tested, and consigned from 22 of the top herds in Colorado, Wyoming and Nebraska.

## HERE'S ONE OF THE BEST BALANCED OFFERINGS OF REGISTERED AND COMMERCIAL SHORTHORNS TO BE OFFERED ANYWHERE THIS SPRING

You can't argue with success, and Western Shorthorns have the proof of performance to back up their claim to individual merit, breeding and quality. At the recent 1959 National Western Stock Show at Denver, the reserve grand champion bull, the reserve grand champion female, the reserve grand champion steer over all breeds, the champion and reserve champion carloads of feeder calves and the champion and reserve champion carloads of bulls were all produced by members of the Western Shorthorn Association.

Much of the same breeding is offered in this sale at BRUSH, COLORADO, on Saturday, APRIL 25th. This is one of the largest groups of strong-aged Shorthorn bulls that has ever been made available for one of these sales. Both registered and commercial breeders will find bulls here that will fill their needs.

Likewise, this will be one of the best opportunities for buyers to fill their needs in registered or commercial females. As everyone knows, females have been hard to find this spring and very few, if any, other opportunities will exist where young cows and heifers of such outstanding quality will be offered. Let's count on seeing you in BRUSH on APRIL 25th.

We believe he is one of the best polled bulls to be consigned to a Western Ass'n. Sale. His sire was second high priced bull 2 years ago. We have 25 females pasture mated to him, 80% were settled with one exposure. His first calf has arrived just as the catalog goes to press and looks most promising. Scottish Midas, pictured above, by Lord Gloster, was a Kansas Sale champion and is grandsire of both the bulls we are selling in this sale.

**COMMERCIAL SHORTHORN FEMALE DISPERSION**

We have sold our ranch at Hudson, Colorado, and are moving only our registered cattle to a new location. We offer you, today, a select group of proven, young, commercial females – all aged, and less desirable cows have been culled prior to this sale.

Cows are T.B. and Bangs tested. Heifers sell Bangs vaccinated.

All females of breeding age sell pasture bred to Colomeadow Choice, a top son of John Shuman's herd sire, Clear Creek Royal Leader. Choice was second in class at Denver in 1956 and 1957, and second highest selling bull in 1957 Denver sale.

**22 Lots**

- 6 head 1958 heifer calves, sired by Colomeadow Choice. The steer mates have all been sold individually, and are on feed as show prospects.
- 4 head Coming two-year-olds, sired by Bandmaster's Star, the 1952 Omaha Grand Champion Bull.
- 1 head Four-year-old, sired by Prince Peter Archer.
- 9 head Six-year-olds, sired by Prince Peter Archer and Golden Oak Prince 28th. Cows purchased as two-year-olds from John R. Cummings & Son, Elizabeth, Colo., and have been dependable producers every year.
- 2 head Eight-year-olds, sired by Divide Quality. Cows purchased from John R. Cummings & Son. Two of the best cows we have owned.

## **Standard Guarantee of the American Shorthorn Breeders' Association**

1. Proper care must be given by purchaser to protect breeding qualities and health of guaranteed animals.
2. All bulls are guaranteed breeders, provided they are not allowed to serve when under 14 months of age, or allowed to run with the herd when under 20 months of age. In case of failure of a bull to be a breeder notice shall be given to the seller within six months of date of purchase, or by the time the bull is 20 months of age, if purchased under 14 months of age.
3. With the exception of heifers sold under 14 months of age, all females are guaranteed breeders. Heifers under two years of age shall not be served by a heavy or old bull. Cows or heifers sold as bred, or safe in calf, not proving to be in calf must be reported to the seller within three months after date of sale. Females over 14 months of age sold open, not settling within six months after date of sale, shall be promptly reported to the seller. Cows with calves at foot even though bred are not given any guarantee.
4. When an animal fails to comply with the above guarantee the seller has the option of substituting an animal of equal value to the satisfaction of the purchaser, or of having the animal returned for a trial for a period not to exceed six months. The expense of freight in such case is to be paid by the seller. If the animal is then proved to be a breeder beyond doubt it shall be returned to the purchaser at his expense. In case of dispute the return of the full purchase price, without interest, to the buyer will be considered full settlement and satisfaction of all claims. No charge for feed or maintenance shall be made by either buyer or seller. Salvage shall go to the seller. It shall be understood that the same guarantee given for the first animal shall likewise apply to any animal later substituted.
5. All animals are sold to comply with the laws regulating Tuberculosis and Bang's Disease of the state or country into which they may be shipped.
6. Certificates of registry and transfers will be furnished with each animal sold. A signed pedigree application for unborn calves should be furnished with bred females, showing names and record of sire and dam, as well as service date.
7. Shipment will be made as soon as possible after the close of the sale, but at purchaser's risk of loss or injury after animal is bid off.
